Metformin Y / N Date \_\_\_\_\_

### MRI Safety (Please Tick ✓)

- MRI - History of metal work  
 MRI - Cardiac pacemaker  
 MRI - Brain aneurysm clip  
 MRI - Cochlear implant

## MRI Information

A magnetic resonance imaging (MRI) scan does not use ionizing radiation (x-rays).

MRI uses a powerful magnetic field, radio frequency pulses and a computer to create clear picture of organs and structures.

An MRI scan is a painless procedure that lasts between 10-60 minutes depending on the area being scanned and the number of images required.

## Appointment Preparation

Please arrive 15 minutes prior to your appointment (or earlier if advised) to complete the pre-scan procedure.

## Imaging Provider

Your doctor has recommended that you use RADIUS Imaging. You may choose another provider but please discuss this with your doctor first.

### Waurn Ponds

158 Colac Road  
Waurn Ponds VIC 3216  
Monday - Friday  
8.30am - 5.30pm
